Evaluation of research and professional activity of research-oriented institutes of the Czech Academy of Sciences for the period 2015 – 2019

Statement from the Director on the Final report of the IEM CAS

I hereby declare that the course of evaluation at the Institute of Experimental Medicine of the CAS was consistent with the announced Methodology of the Evaluation, met the accepted standards for evaluation of the research institutions / teams, and that all communication both during Phase I and during online meetings in Phase II was correct and factual. I have no objections to the conclusions of the Summary Final Report.
